PRINTING THE PATTERN

Set up your paper size to A4 and choose actual size in the printer settings

Alternatively you can use "letter" format which is approximately the same size and will not impact the size of the product significantly

Print all the patterns. Take note that some of the larger parts are spread over two or even four pages. Use the second page of the pattern as an assembly guide.

In order to further help with your build, we filmed the entire process from the start to finish.
