Обтачка переда,
со сгибом

Обтачка горловины, со сгибом

Обтачка спинки, со сгибом

The image shows a technical drawing of a chair backrest part. It consists of a large rectangular shape with a smaller rectangular section attached to its left side. A diagonal line indicates a fold in the material. The text 'Обтачка спинки, со сгибом' is written in the center of the main rectangular part. There are also some lines in the top-left corner of the drawing area, possibly representing a corner or a specific detail.
